

Selenita (Sele) Williamson is the Senior Manager of Air Operations Quality Assurance at FedEx Express.

She leads a management team that develops policies, provide oversight to support business principles, and shapes the quality of Air Operations at FedEx Express.

After immigrating to the US, Sele started her aviation career by attending Aviation High School and earning her Airframe and Powerplant (A&P) license. In her 34-year career, she worked her way from a front-line Aircraft Maintenance Technician at the age of 20 to senior management by building her education and experiences into operational leadership opportunities.

As a dynamic leader dedicated to lifelong learning and personal growth, Sele holds an MBA in Management & Leadership, additionally, she is a certified PMI Project Management Professional, ASQ Quality Driven Management (QDM) Expert and a FedEx Lean Master Black Belt. In her free time, she enjoys cooking, yoga, and spending time with her family.
